URGENT: H.R. 1 – Be Worried...and ACT!

VOTE SCHEDULED THIS WEEK

TELL YOUR MEMBER OF CONGRESS TO STOP HR 1

Capitol Switchboard: 202.224.3121

March 1, 2021

H.R. 1 is being fast-tracked RIGHT NOW in Washington DC!

H.R. 1 is called the "For the People Act", but should be called the "For the Swamp Act". This sweeping 791-page disaster will federalize all election law and undermine the electoral process. HR 1 passed last year in the House but was stopped in the Senate. With D's now controlling the Senate it could pass.

The Harmful Impact of H.R. 1

- Federalizes elections – so DC will dictate all election law
- Forces taxpayers to fund all campaigns and candidates – even those they disagree with
- Eliminates every state's current election laws, and their right to determine how elections are run
- Requires states to automatically register all voters - even ineligible voters
- Prevents states from determining qualifications for their voters
- Requires paid federal workers to run all election polling sites

- Broadens the definition of “lobbyist” to include any citizen who engages politically
- Allows the now banned ability of the IRS to target Americans for their beliefs
- Requires states to automatically allow felons to vote upon release
- Requires ballot counting OUTSIDE the voter’s precinct
- Allows redistricting in every state to be conducted by a 3-person unelected panel in DC
- Forces organization involved in political activity of any kind to disclose donors
- Exposes private citizens to harassment, intimidation, threats and potential harm from those who disagree with them politically.
- Will make it significantly harder for grassroots conservative candidates to ever win an election
